

データベース基礎小問3

```
mysql> SELECT profilesID, name, tel, age, birthday FROM profiles WHERE name = '高橋清';
```

The screenshot shows a MySQL terminal window titled "bin — mysql -h localhost -u masashi -p — 80x24". The terminal displays the results of a query and subsequent commands. The first query shows 5 rows in a set. The second query shows 1 row in a set. The third query shows 1 row in a set.

```
bin — mysql -h localhost -u masashi -p — 80x24
| 012-0987-6543 |
| 090-9900-1234 |
+-----+
5 rows in set (0.00 sec)

[mysql> mysql> SELECT name FROM profiles name ='高橋清 ';
+-----+
| name |
+-----+
| 高橋清 |
+-----+
1 row in set (0.00 sec)

[mysql>
mysql> SELECT profilesID, name, tel, age, birthday FROM profiles WHERE name = '高橋清';
+-----+-----+-----+-----+-----+
| profilesID | name | tel | age | birthday |
+-----+-----+-----+-----+-----+
| 5 | 高橋清 | 090-9900-1234 | 24 | 2000-12-24 |
+-----+-----+-----+-----+-----+
1 row in set (0.00 sec)

mysql>
```
